If you did not bring sanitizer or baby wipes to class – we don't need those any more, but I will ask you to purchase a very effective light scent sanitizer perfect for a small room like ours

Page protectors (only 4 students got them for the class)

Ask your students if they have enough supplies in their supply box (I kept the supplies brought by students individually separated). If they run out, or if they want a different quality of supplies – you are totally free to add. We might have some basic ones on hand. I see that some students have no pencils or no pens, scissors, etc. I have some rulers, highlighters and color pencils on hand for common use. Everything else, please bring to class for your student.
